Miss McCalla — A Valuable Asset

Captain Shreve, a school known for its uniqueness, had one especially valuable asset, and that was our principal, Sandra McCalla. Miss McCalla was not your stereotypical principal. Instead, this small feminine woman displayed a special interest in the school and its students.

Extremely loyal, Sandra McCalla was Shreve's biggest booster this year. Attending an unusual number of

school activities, she was able to keep in touch with current events going on with the students.

In addition to her involvement in activities, Miss McCalla was active in the office when it came to relating to her staff. Great organization, self-discipline, and supportiveness of her staff were several traits that described the business side of McCalla, but she also truly cared for the individuals. This powerful woman not only handled the huge job of administering a school the size and excellent reputation that Shreve had, but proved that CS had the best of everything, including the principal.

Assistant Principals Are An Awesome Twosome

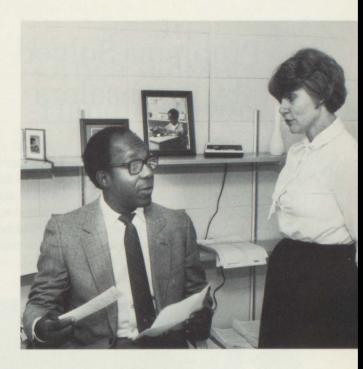

Captain Shreve was very fortunate this past year, in that we had two of the finest men serving as vice-principals. Tommy Powell and Donald Horton worked with the principal, the staff, and the students to make the best decisions for the student body. Mr. Powell was concerned with the academics of the school, while Mr. Horton maintained the discipline. Mr. Horton and Mr. Powell were surely two assistants Captain Shreve would not want to be without.

Problems Solved by Counselors

Counseling was one of the most important and crucial aspects of high school, and Shreve was very lucky to have this past year Miss Franz, Mrs. Powell, and Mrs. Montcrief. Together, these counselors worked to make the students' years at Shreve a little easier. The special interest and hard work shown by these professionals was certainly appreciated.

Office Workers Handle Havoc

Exceptional. This word described the office workers at Captain Shreve. Somehow, these ladies managed to get their jobs done efficiently and at the same time keep their attitudes positive and friendly through times of pressure. Running an exceptional school such as Shreve took an exceptional office staff, and that was what we had.

5. MRS. ESTELENE CALDWELL . . . Financial Sec. and Bookkeeper

6. MRS. LEE BAKER . . . Office Clerk

Behind the Scenes

The Library — A Place to Study

The library at Shreve provided a good atmostphere for studying, reading, and doing research. The helpful librarians worked to make the library a useful place for students.

Along with a complete selection of books on all subjects, the library had magazines, encyclopedias, vertical files, newspapers, and information on microfiche. The library was an excellent asset to students' learning.

English Is Invaluable

Captain Shreve had excellent English teachers this year for all grades, freshman through senior. Since having proper grammar and usage was stressed at Shreve, students received a good background in this area which was valuable. Throughout high school students were taught spelling, vocabulary, sentence structure, and proper usage, which Shreve students covered completely.

Students Explore Literature

Not only was grammar stressed at Shreve, but the study of literature was also an important aspect of all English classes. Different themes in stories, poems, and novels helped students learn about the social world around them. Freshmen were introduced to classical plays such as Romeo and Juliet, sophomores read a wide variety of literature, while juniors concentrated on American historical works, and seniors studied world literature.

The faculty of English teachers widened student knowledge of literature.

Social Studies Deepens Knowledge Of The World

The social studies courses offered at Shreve gave students the opportunity to explore customs and traditions from throughout the world.

Learning about the customs of many other countries helped to increase the students' outlook of other countries and allowed them to compare them to our own. No matter what course the student took, it helped them to understand the everchanging world.

Math Prepares For Business World

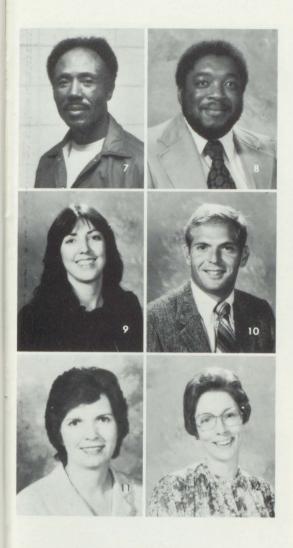

Captain Shreve math courses prepared students for the business world. By using mathematic skills, students developed their own abilities for later years.

Algebra I and II, and geometry were good basic courses. For the students who excelled in math, there was computer programming and advanced math. No matter what course the student took, he was preparing himself for the future.

Science Encourages New Discovery

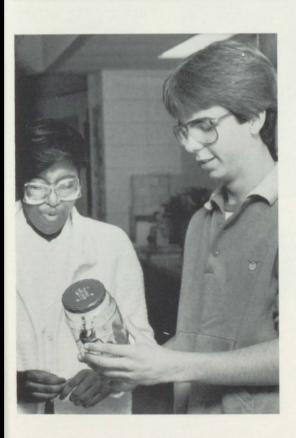

Through the study of General Science, Biology, Chemistry, and physics, students were encouraged to explore and discover new horizons unknown to them. General science involved students in all aspects of the sciences. Biology explored the life of humans, animals, and plants. Chemistry concerned the basic functions of elements and their properties. Physics examined heat, sound, light, electricity, and the properties of matter. Through the assistance of our knowledgeable science teachers and the use of extensive laboratory equipment, students were able to more fully understand the world of science.

P.E. Emphasizes Physical Fitness

The physical education program at Captain Shreve strived to promote physical fitness. Everyone was persuaded to participate in sports such as badminton, bounceball, football, archery, tennis, basketball, volleyball, and soccer. In addition to emphasizing physical fitness, teachers stressed the importance of teamwork and good sportsmanship. Another aspect that enhanced the P.E. student was the study of health. Over all P.E. was a truly stimulating and rewarding experience which motivated students to push themselves.

Follow the Gold

Welcome to THE STA SWAMP Interact 80

Once upon a time in the land of Captain Shreve lived hundreds of mighty gators...

Our CS Gator Tale opens with the mighty gators on their journey down the green and gold brick road. Yet, as we turn the pages of our Gator Tale, we find we have begun to follow certain paths which will lead us throughout our lives. Going to Shreve and following our green and gold road is one path we were fortunate enough in being able to travel.

For as Dorothy said in The Wizard of Oz, "There's no place like home, there's no place like home" — and our home will always be Captain Shreve.

The Three

The three little gators, like all the gators at Shreve, have felt a sense of unity and togetherness towards each other. This was especially noticed when every gator stood armin-arm to express their dedication to Captain Shreve by singing the Alma Mater.

Gators stood by one another and went to any extreme to protect and help a gator in need. This important quality was one reason why Captain Shreve exceeded all others. Yes, we were indeed family!!!

Gator in

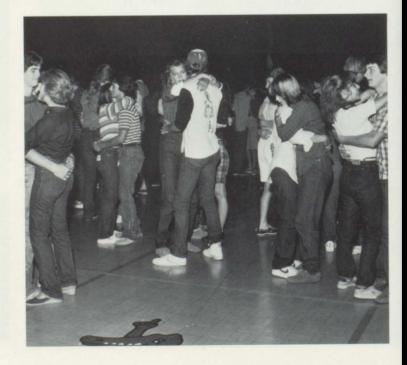

Life at Shreve had many magical moments. In fact, it was easy to see why we were Gators in Wonderland. The dances and the football, basketball and baseball games were always filled with excitement. Making an "A," scoring another two points, or seeing the eyes of your best friend when the guy next to her said hello, were the times we knew we would never forget.

The future holds new experiences for us, but that all comes in due time. As we travel forward in life, we will treasure the moments each step of the way, and make the best of every experience we come upon!

Well, according to the Booster Club Parents who judged the Bean and Rice Supper Beauty Contest — it was a tough decision! After seeing all seventeen sexy beauties strut their stuff in evening gown and lingerie apparel, it was time to choose the five finalists. They were: Melba Wozniak, Mozelle Magner, Shauna Galen, Carlotta Costanza, and Claire Bretches.

Each lovely finalist was then asked a deciding question concerning her beauty secrets, and what she would do during her reign as the Captain Shreve Beauty Queen. When the votes were finally cast, Miss Captain Shreve 1983 was Claire Bretches!

The Little That

"I think I can ... I think I can" was one of the many cries that was heard throughout the school year. The little gators showed their courageous abilities and their school spirit in all activities. Whether it was rolling a house for a football player, or playing golf in the middle of the street, these energetic gators could and would do anything to add zest to the every-

day life at Shreve.

Shreve Had Mighty

"Stop, look, and listen; here come the mighty gators."

Although each gator was different in certain ways, we all shared a common bond — that MIGHTY GATOR SPIRIT! The gators showed pride in all they did. This spirit never seemed to cease in each and every Gator. As each gator makes his or her path, that mighty gator spirit will always shine.

Those Gators

And just like any other story, we have experienced both good times and bad times, happy times and sad times. But in the end, things always seemed to have a happy ending.

to have a happy ending.

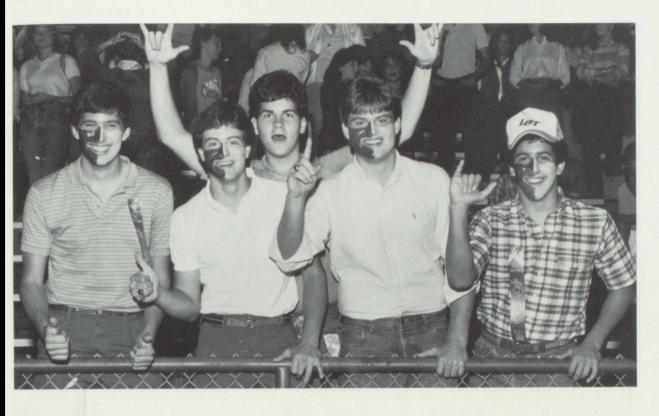

As we near the end of our CS Gator Tales for 1983, we realize now that a chapter of our life has been completed — and a new one is just beginning.

For once upon a time in the land of Captain Shreve lived hundreds of mighty gators ... and they all lived happily ever after!

ON THE LOOSE

One day you feel quite stable The next you're comin' off the wall But I think that you should warn me If you start heading for a fall I see the problem start I watch the tension grow I see you keeping it to yourself And then instead of reaching conclusions I see you reaching for something else

No one can stop you now Tonight you're on the loose No one to tell you how Tonight you're on the loose

I see no harm or danger in escaping If the method suits the style We put the mind on idle And let the others take it for awhile When the pace is too fast And I think I won't last You know where I'll be found I'll be standing here beside myself Getting ready for the final round

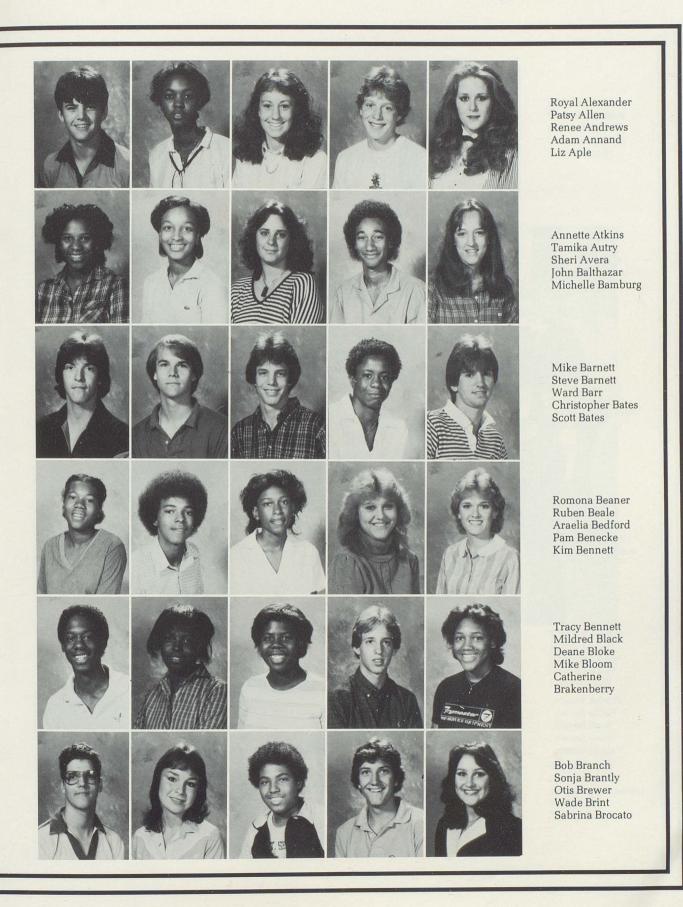

No one can stop me now Tonight I'm on the loose No one to tell me how Tonight I'm on the loose

The time we feel most stable Is the time we're comin' off the wall And there's every indication We may be heading for a fall So let the problems start And let the tension grow
We'll be keeping it to ourselves
And while they're busy reaching their conclusions We'll be reaching for something else

No one can stop us now Tonight we're on the loose No one to tell us how Tonight we're on the loose.

Returning starters from last year's team were Darryl Henson forward and George Jones center. The Gators always showed their ability as a team on the courts.

The Gators were led to many victories by Head Coach David Boydstun and Asst. Coach Johnny Burnon. The Gators sparked the flame of spirit, which grew into a raging fire by the end of the year.

With the guidance and leadership from Head Coach Mrs. Alma Moore and Assistant Coach Mrs. Valinda Wolfe, the Ladies earned due respect from their adversaries. Returning starters from last year were senior Sophia Kirkikis, and juniors Jennifer Smith and Leigh Ann Courson.

The returning speedsters for the Gators are Cedric Thomas and Albert Dyar. There is also returning discus thrower, Tim Bennett. Showing Christian leadership and providing many services, the C.S. F.C.A. had a good year. By sponsoring three car washes and a magic show the club was able to buy athletic equipment for the school. The club met once a month and had many special speakers, including Pat Tilley, Dave Stone, and the Rev. Jim Moore. The sponsors were Coach Tommy Powell and Coach Karl Higganbotham.

The Al. E. Gator tradition was truly fulfilled by Craig who added a little laughter and excitement to all the activities he attended throughout the vear.

The 1982-83 Pep Squad, under the superior guidance and supervision of Miss Joyce Jordan, presented many exciting and entertaining half-time shows during the football season. Not only did they cheer at the football games, but at the basketball games as well. The Gatorettes showed their school spirit by making football tags, decorating football players' lockers, and cheering at all the pep rallies. The Gatorette's neverending motivation truly inspired Gator Spirit.

During this past year, we, the editors of the 1983 LOG have tried to capture our high school memories and set them down in print. We've learned a great deal this past year not only through books but through people too, for it is the people who add meaning to your memories. In closing, we would like to thank everyone involved in putting this book together. We would especially like to thank our sponsor, Mrs. Dorothy Flanagan who without her help this book would not have been possible.

Do you need a reason to join

THE LOUISIANA NATIONAL GUARD?

Well, here are some very good incentives — Free College Tuition:

State law provides exemption from tuition payments in all state supported colleges in Louisiana for all active members of the Louisiana National Guard. This exemption may be claimed for five (5) separate years or until receipt of a bachelor's degree, whichever occurs first.

\$1500 Enlistment Bonus or \$4000 in Educational Assistance

High school seniors and graduates who enlist in certain National Guard units may receive a \$1500 enlistment bonus, or \$4,000 in educational assistance.

Split Training Program

Split training means that your Basic Training and Advanced Individual Training in the National Guard (which must be completed within a twelve (12) month time frame) can be staggered to fit your personal schedule.

For example, you can take Basic Training the summer of your junior year. Consider it a paid full-time summer job. During your senior year of high school, you will go to the monthly National Guard meetings. Consider it a paid part-time job. Then you can take your Advanced Individual Training the next summer, be paid for that too, and be home in time to attend college, business or vocational school in September. That's two summers of full-time employment, and two years of part-time employment.
